

**Annex 31****Registration****Scope of the review on  
“Xinjiang Midong Tianshan Cement Co.Ltd’s 1600td Utilization Calcium Carbide for Cement  
Clinker Project” (3183)**

1. The Board agreed to undertake a review of a project activity “Xinjiang Midong Tianshan Cement Co.Ltd’s 1600td Utilization Calcium Carbide for Cement Clinker Project” (3183).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review of the application of the methodology, in particular the appropriateness of the approach used to calculate significant parameters such as the ‘Specific Kiln Calorific Consumption for the baseline scenario (SKC<sub>BSL</sub>)’, etc. as according to the applied version of the methodology, these should be based on historical data for at least 3 years preceding the start of the project activity, whereas the project activity is a green field project and the PP does not have 3 years historical data preceding the start of the project activity.
