

**Annex 32****Registration****Scope of the review on****“Thermal energy generation from renewable biomass by Amir Chand Jagdish Kumar Exports Ltd.” (3188)**

1. The Board agreed to undertake a review of a project activity “Thermal energy generation from renewable biomass by Amir Chand Jagdish Kumar Exports Ltd.” (3188).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review to determine the additonicity of the project activity, in particular:
 - (a) The validation of: (i) annual rice husk generation and internal consumption of rice husk for rice polishing; (ii) use of resultant residue after rice husk polishing; and (iii) insufficiency of rice husk internally generated for steam generation as the DOE has failed to substantiate the sources of data used to substantiate these arguments and how it has validated these data sources; and
 - (b) The technological barriers as the technological barriers cited appear to be operational in nature and therefore may be accounted as operation and maintenance costs or operational hours (Guidelines for objective demonstration and assessment of barrier, EB 50, Annex 13, para. 8).
