

 <b>CDM project activity issuance review form</b> <i>(By submitting this form, a Party involved (through the designated national authority) or an Executive Board member may request that a review is undertaken)</i>	
<b>Designated national authority/Executive Board member submitting this form (Name in print)</b>	
<b>Title of the proposed CDM project activity for which issuance is requested</b>	0003 HFC Decomposition Project in Ulsan
<b>DOE that requested for issuance and date of request</b>	DNV 30.08.2007
<b>Please indicate, in accordance with paragraphs 65 of the CDM modalities and procedures, for which reason(s) you request review. (Place a cross (X) in front of the reason)</b>	
<input type="checkbox"/> <i>Fraud</i> <input type="checkbox"/> <i>Malfeasance</i> <input checked="" type="checkbox"/> <i>Incompetence</i>	
<b>Please indicate reasons for the request for review and attach any supporting documentation to this request form. (if space is not sufficient please attach further reasons)</b>	
<p>According to the monitoring plan, "all of the measurement instruments except HFC 23 flowmeters are to be recalibrated monthly". The verification report states that the calibration records of meters measuring fuel gas, steam, HCFC 22 and electricity used during destruction process were lost and not provided during the site visit and the verification team requested the participants to conduct an immediate calibration. The DOE raised this issue as CAR 1, but did not close it in the report. Clarification is required how the calibration done by the project participant has met the requirement in the PDD that, "All of the measurement instruments are to be recalibrated monthly per internationally accepted procedures".</p>
