<b>Please indicate reasons for the request for review and attach any supporting documentation to this request form. (if space is not sufficient please attach further reasons)</b>	
<p>It is not clear how fossil fuel consumption can be cross-verified. Conversion of steam generated to fossil fuel consumption may require use of boiler efficiency and this is not specified. Also, it seems the PDD was not revised as stated in the verification report to include the two additional mechanisms for cross-verification of the fossil fuel consumption as it claimed it would.</p>
