

**Annex 39****Registration****Scope of the review on****“Displacement of the electricity of the national electric grid by the auto-generation of renewable energy in the Cañaveralejo Wastewater Treatment Plant of EMCALI in Cali, Colombia” (2285)**

1. The Board agreed to undertake a review of the project activity “Displacement of the electricity of the national electric grid by the auto-generation of renewable energy in the Cañaveralejo Wastewater Treatment Plant of EMCALI in Cali, Colombia” (2285).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review to determine the additionality of the project activity through an assessment of the:
 - (a) Start date of the project activity, as the stated start date of the project activity has not been satisfactorily confirmed; and
 - (b) Prior consideration of CDM of the project activity, as the continuing and real actions taken to secure CDM status in parallel with implementation has not been satisfactorily validated.
