

关于请求支持盈江县槟榔江芒康水电站 申报 CDM 项目的请示

盈江县人民政府：

我公司槟榔江芒康水电站项目目前正在进行前期准备，经过与设计院沟通发现本项目经济指标一般，但我公司从德宏州电力企业协会处获悉了清洁发展机制（CDM）的相关信息，得知可以通过出售和转让温室气体减排量的方式，增加收益，提高经济效益。公司内部董事会经过开会讨论决定将芒康电站申报为 CDM 项目，并且认真学习了国家改革和发展委员会、科学技术部、外交部于 2004 年 6 月 28 日联合颁布的，《清洁发展机制项目运行管理暂行办法》，目前正在与相关咨询单位洽谈。如果获得了 CDM 项目收益，本项目的内部收益率将得到很大的改善，偿还贷款能力也将得到提高。因此，特向人民政府提出申请，以支持我公司芒康水电站申请 CDM 项目工作。

**The Letter of Asking Support on Applying Yunnan Yingjiang County
Binglang River Mangkang Hydropower Station as a Clean
Development Mechanism Project**

Yingjiang County People's Government:

Presently, the Mangkang Hydropower Station project is under previous preparation. As we have communicated with the design institute, we found the economic indicators of this project are not good. However, we learnt relevant information about Clean Development Mechanism (CDM) from Dehong Prefectural Association of Power Enterprises Association. We knew that we can increase the revenue and improve the economic indicators for this project by selling and transferring the greenhouse gas emission reduction. After the discussion during the directorate meeting, we have agreed to apply Mangkang Hydropower Station as a CDM project. We have studied the < The Provisional Regulation on Clean Development Mechanism Project Management> which was jointly issued by the National Development and Reform Commission, The Ministry of Science and Technology, and Foreign Affairs Ministry on 28th June, 2004. At present we are negotiating with the relevant consulting company. If this project could acquire the CDM revenue, the internal rate of return will be improved magnificently, and the ability to repay the loan will be increased as while. Hence we present this application to the government as we hope to obtain the support for applying Mangkang Hydropower Station as a CDM project.
