**Section 3: Comments Supporting Review Request**

**Please elaborate the reason for requesting a review on the issues you indicated in section 2 above**

The DOE is requested to clarify how it verified the amount of HFC 23 supplied to the destruction process in the project emissions (the greenhouse gas emissions of the destruction process) calculation, since in project emissions calculation, the quantity of HFC23 destruction credited was applied instead of the actual amount of HFC 23 supplied to the destruction process as required by the methodology.
