

**CDM project activity/programme of activities issuance request review form
(Version 03.0)**

Section 1. General Information

Designated national authority or Executive Board member submitting this form		
Title and UNFCCC reference number of the project activity or programme of activities (PoA)	Project for GHG emission reduction by thermal oxidation of HFC 23 in Gujarat, India. (0001)	
Titles and reference numbers of the component project activities (CPAs) covered by the request for issuance	CPA ref. number	CPA title
Date of request for issuance	06 Jul 10	
Monitoring period to which the request for issuance applies	01 Dec 09 - 12 Feb 10	
UNFCCC reference number of the request for issuance (For PoA only)		

Section 2. Basis for review request

Please indicate, in accordance with paragraphs 65 of the CDM modalities and procedures, for which reason(s) you request review.

☐ Fraud
 ☐ Malfeasance
 ☒ Incompetence

Section 3: Comments Supporting Review Request

Please elaborate the reason for requesting a review on the issues you indicated in section 2 above

OTHER ISSUES:

The EB at its 55th meeting noted concerns regarding the potential to inflate the baseline of HCFC22 CDM project activities and thereby generate emission reductions that are in excess of what would have been issued in accordance with CDM rules and requirements.

Information is required on the following: 1. Production levels of HCFC22 (monthly) from January 1, 2000 to present;

2. Records of sales of HCFC22 (monthly) from January 1, 2000 to present; 3. Record of amounts not sold (monthly), if any, and account for any unsold amount; 4. Demand in the market relevant for the registered project activity since year 2000;

5. In cases where any production levels of HCFC22 have increased above the market demand relevant for the registered project activity, provide reasons if there are deviations from the baseline situation;

6. Provide information regarding the development of the w[■] factor (ratio of HFC23 generated/amount of HCFC22 produced) since the start of production of HCFC22 relevant for the registered project activity, and explain reasons for any change that may have occurred.
