

 CDM project activity issuance review form <i>(By submitting this form, a Party involved (through the designated national authority) or an Executive Board member may request that a review is undertaken)</i>	
Designated national authority/Executive Board member submitting this form (Name in print)	
Title of the proposed CDM project activity for which issuance is requested	VGL - Waste Heat based 4 MW Captive Power Project at Raipur; Project Activity 0432
DOE that requested for issuance and date of request	TÜV SÜD 18-07-07
Please indicate, in accordance with paragraphs 65 of the CDM modalities and procedures, for which reason(s) you request review. (Place a cross (X) in front of the reason)	
<input type="checkbox"/> <i>Fraud</i> <input type="checkbox"/> <i>Malfeasance</i> <input checked="" type="checkbox"/> <i>Incompetence</i>	
Please indicate reasons for the request for review and attach any supporting documentation to this request form. (if space is not sufficient please attach further reasons)	
<ol style="list-style-type: none"> 1. The registered PDD stated that "The project generates 4MW of power [equivalent to around 25 million kWh (MkWh)] utilizing the sensible heat from process flue gas of the DRI kiln." However, the monitoring report stated and the verification report confirmed that the capacity of installed generator is 8MW. This is not in accordance with the project activity in the registered PDD. 2. The DOE shall further clarify how the cross-check of the monitored parameter with external data such as invoices for exported electricity have been carried over, as the DOE simply verified that only "a daily report is made which is cross checked and signed by the shift engineer (Electrical) stating the power generation, auxiliary consumption and amount of power wheeled and report is sent to the Deputy Manager (Power Plant) for review on daily basis."
