

BRAZILIAN ELECTRICITY REGULATORY AGENCY - ANEEL

RESOLUTION Nº 469, 31st October 2001.

Authorizes the expansion and set the deadline for the beginning of the commercial operation of the Hydro Power Plants Dourados and São Joaquim.

THE GENERAL DIRECTOR OF THE BRAZILIAN ELECTRICITY REGULATORY AGENCY - ANEEL, using his regimental attributions, in agreement with the Board deliberation, based on the settled in the §3rd, article 5th of the Law nº 9.074, of 7th July, 1995, the paragraphs XXVI, XXXI and XXXII, article 4th, Annex I, of the Decree nº 2.335, of 6th October, 1997, and what consists of the Process nº 48100.001560/97-68, decides to:

Article 1st: Authorize CPFL Generation of Energia S.A. to expand the installed capacity of the Hydro Power Plants Dourados and São Joaquim, from 6.4 MW to 10.8 MW and from 5.52 MW to 8.05 MW, respectively, whose concessions were granted by the Decree of 19th November, 1997 to the Companhia Paulista de Força e Luz - CPFL and transferred to CPFL Geração de Energia S.A. by the Resolution ANEEL nº 465, of 29th November, 2000.

Article 2nd: Set the deadline for the beginning of the commercial operation of the expansion of the Power Plants mentioned in the previous article for until 1st May, 2002.

Article 3rd: The Company CPFL Geração de Energia S.A. should sign the Additive Term to the Contract of Concession nº 15/97, with the objective of adapting the installed capacity of the referred Hydro Power Plants in the 1st article of this Resolution, in a date to be set by ANEEL.

Article 4th: This Resolution goes into effect in the date of its publication.
