

 <b>CDM project activity issuance review form</b> <i>(By submitting this form, a Party involved (through the designated national authority) or an Executive Board member may request that a review is undertaken)</i>	
<b>Designated national authority/Executive Board member submitting this form (Name in print)</b>	
<b>Title of the proposed CDM project activity for which issuance is requested</b>	0717 India Cements WHR project
<b>DOE that requested for issuance and date of request</b>	DNV 22/07/08
<b>Please indicate, in accordance with paragraphs 65 of the CDM modalities and procedures, for which reason(s) you request review. (Place a cross (X) in front of the reason)</b>	
<input type="checkbox"/> <i>Fraud</i> <input type="checkbox"/> <i>Malfeasance</i> <input checked="" type="checkbox"/> <i>Incompetence</i>	
<b>Please indicate reasons for the request for review and attach any supporting documentation to this request form. (if space is not sufficient please attach further reasons)</b>	
<p>1. The monitoring report uses an <i>ex-post</i> grid emission factor of 0.85tCO<sub>2</sub>/MWh while the DOE verified that the combined margin emission factor of 0.86 tCO<sub>2</sub>/MWh has been applied.</p> <p>2. The emission factor for coal was taken from the latest IPCC 2006. However, the methodology requires the use of local values where available or specific-country values and the use of IPCC world-wide default values as the last option.</p> <p>3. Baseline emissions, project emissions and final CERs in the monitoring report are different from those presented in the spreadsheet.</p>
