

REVIEW OF THE PROJECT ACTIVITY

“GHG emission reduction by energy efficiency improvement of clinker cooler in cement manufacturing at Rajashree cement at District Gulbarga, Karnataka, India” (0954)

The Board agreed to reject the project activity “GHG emission reduction by energy efficiency improvement of clinker cooler in cement manufacturing at Rajashree cement at District Gulbarga, Karnataka, India” (0954), submitted for registration by the DOE (SGS), because the DOE and project participant failed to substantiate that the size of the total bundle does not exceed the limits for small-scale CDM project activities stipulated in paragraph 28 of decision 1/CMP.2.
