Subject

CER01/53; 15 MW Grid Connected Renewable Electricity Supply Project in Napani and Vanivilas

Dear Mr. Mehra,

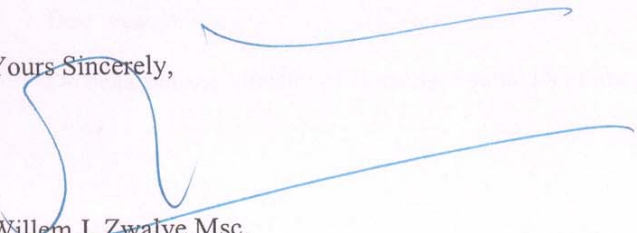

Unfortunately Senter could not reach an agreement on the contents of the CERUPT contract with Enercon (India) Ltd. With this letter I would like to inform you that I hereby withdraw the CERUPT offer, with project number CER01/53.

I regret to have to end our cooperation. Hopefully you will find other possibilities in order to continue the project. In this respect, and without prejudice, I can inform you that the Ministry of Housing, Spatial Planning and Environment has several CDM tracks.

I would like to thank you for your effort in the whole procedure and wish you good luck with the continuance of your project.

On behalf of the Minister of Housing, Spatial Planning and Environment,

Yours Sincerely,

Willem J. Zwolve Msc.
Acting Director
