No. 5/4/5/3772
Date: 18/8/2008

H.E. Eng. Abdel Fattah Al-Nsour
Chief Executive Officer
Central Electricity Generating Co.

Sub: Aqaba Thermal Power Station CDM Project

Your Excellency,

This is in reference to your letter No. 5/8/2/5749 dated 17th Aug. 2008 and with regard to the disclosures or publication of the natural gas price that was negotiated between Egypt and Jordan prior to the decision to supply Jordan with natural gas, it is implicit in the negotiations and the subsequent supply agreement that this price remain confidential.

Publications of the negotiated natural gas prices would constitute a breach of contract and result a possible legal consequences.

It is our understanding that Cegco in your CDM-project design documents (PDD and other related documents) has used an estimation price of 2.15 US\$/MBTU for the Egyptian natural Gas at the time of decision to make the fuel switch. The actual price paid for Egyptian natural gas at ATPS from the decision time to the present is above these prices.

We hope this information is satisfying your enquiry and assist Cegco in achieving the registration of ATPA as a CDM project.

Yours Sincerely,

Eng. Khaldoun Qutaishat
Minister of Energy & Mineral Resources
