Subject: This is to certify that M/s Krishi Rasayan Pvt Ltd
been operating Municipal Solid Waste Project at Baliapanda
Puri since 8.08.03. The project has been able to process
Ref. the waste of Puri city and thus considerably rescue the
environmental degradation in the city.

The project was shut down and not operational prior
to 8.08.03 due to lack of any private promoters and Puri
waste was simply dumped (without any treatment for composting)
openly at a plot adjacent to the site. Waste was simply
dumped and no compost was being produced. This caused lot
of environmental degradation, foul smell and piling up
of city waste.

Based on the interest shown by M/S Krishi Rasayan
Pvt Ltd, the project had been handed over to them on lease
basis with effect from 8.08.03. M/S Krishi Rasayan Pvt Ltd
has expressed interest to renew the lease agreement.

Thus considering the interest of M/S Krishi Rasayan
Pvt Ltd in continuing operating the project on lease, the
operation and maintenance contract for the project has
been renewed with M/S Krishi Rasayan Private Ltd.
