## **Re: Carbon Credits for Methane reductions.**

Dear Sir,

This is in reference to our earlier correspondence regarding the carbon credits from methane reductions. You are requested to make us a details proposal and advise us how we should approach the issue of availing credits as we have noticed from last few months of operation that carbon credits will be the key to sustain operations at Puri as we are finding it very difficult to sell compost.

Thanking you

Yours faithfully  
For Krishi Rasayan Pvt Ltd

Director
