

**Annex 46****Issuance**

**Scope of the review on
“6.5 MW biomass based (rice husk) power generation by M/s
Indian Acrylics Ltd. and replacement of electrical power being
imported from state electricity grid/ surplus power supply to grid (0341)”**

1. The Board agreed to undertake a review of a request for issuance for project activity; “6.5 MW biomass based (rice husk) power generation by M/s Indian Acrylics Ltd. and replacement of electrical power being imported from state electricity grid/ surplus power supply to grid. (0341)” related to the monitoring period 01 Apr 2003 - 31 Mar 2006
2. The Board agreed that the scope of the review relating to issues of incompetence shall cover:
 - (a) an assessment to ensure that the parameters required, in particular rice husk consumption, have been adequately monitored in accordance with the monitoring plan in the registered PDD as required by paragraph 56 of the CDM modalities and procedures.
3. The Board nominated Mr. José Domingos Miguez (lead), Mr. Rawleston Moore and Mr. Richard Muyungi as members of the Review Team of this case. The review team may call on outside expertise in consultation with the Vice-Chair of the Board, as appropriate.
