

REVIEW OF THE PROJECT ACTIVITY

Koppal Green Power Limited Biomass Power Project (1383)

At its thirty-ninth meeting the Board could not register the project activity submitted for registration by the DOE (TÜV Rheinland) because the project participant and DOE failed to substantiate the additionality of the project activity, in particular:

- (i) the substantiation of the prevailing practice barrier; and
- (ii) the serious consideration of the CDM prior to the decision to implement the project activity.
