

**REVIEW OF THE PROJECT ACTIVITY**

**Tangshan Xinfeng Thermal & Power Co., Ltd. Waste Gas Power Generation  
Project (1669)**

At its forty-second meeting the Board could not register the project activity submitted for registration by the DOE (TÜV-SÜD) because the project participants and DOE failed to substantiate the suitability of the use of iron & steel sector benchmark (13%) to prove the additionality of the project activity.
