	lines the proposed project activity to be valid, a request for registration document, the written approval of the host Party and an explanation of
There are only minor issues which should be addressed by the D	OE / project participants prior to the registration of the project.
Section below to be filled in by UNFCCC secretariat	
Date received at UNFCCC secretariat	25.06.2008

- 1. The DOE should establish the legal and financial relationship between the PP and the Iron & Steel Plant entity i.e. is the project owner separate enterprise from the Iron & Steel Plant.
- 2. In the financial analysis in the PDD the benchmark value for Steel & Iron industry is used as oppose to power generation industry IRR benchmark.

## UNFCCC/CCNUCC

## CDM - Executive Board

page 2

- 3. The PP should perform investment analysis with power industry generation IIR benchmark and the DOE should validate this investment analysis.
- 4. DOE should validate the price paid by the project owner for the waste gas (compare this to market price)
