

**Annex 35****Registration****Scope of the review on****“Generation of power from process waste heat at Hi-Tech Carbon, Tamil Nadu” (1905)**

1. The Board agreed to undertake a review of the project activity “Generation of power from process waste heat at Hi-Tech Carbon, Tamil Nadu” (1905).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review to assess the additionality of the project activity through an assessment of the:
 - (a) Barrier analysis and if the barriers can not be further substantiated, it is recommended to conduct an investment analysis; and
 - (b) Serious prior consideration of the CDM, in particular, for the first boiler as it became operational more than three years before start of validation.
