

**Annex 26****Registration****Scope of the review on
“Yixing Shuanglong Cement Plant’s Low Temperature Waste Heat Power Generation
Project” (1914)**

1. The Board agreed to undertake a review of the project activity “Yixing Shuanglong Cement Plant’s Low Temperature Waste Heat Power Generation Project” (1914).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review of the following:
 - (a) the reason why a 16 year period of analysis has been selected for the project activity whereas the operational lifetime is 21 years; and
 - (b) how the electricity price is considered conservative, as it is lower than the electricity purchase price.
