万发改函[2006]5号

## 关于推荐白杨溪水电站申报 CDM 项目的函

万源市白杨溪水能开发有限公司：

你公司白杨溪水电站已获得《四川省发展和改革委员会关于印发万源市任河干流白杨溪水电站可行性研究报告工程技术方案审查意见的通知》（川发改能源[2005]684号），该项目总装机容量 32MW，位于四川省达州市万源市临河乡任河干流的中游。该项目的建成将促进万源市的经济发展，对改变当地的落后面貌、实现农村电气化、追赶“小康”起积极的促进作用，具有良好的社会效益。

但由于项目投资较高，经济效益较差，你公司可通过申请清洁发展机制项目（CDM）的支持以改善该项目的经济效益。《清洁发展机制项目运行管理办法》于 2005 年 10 月 12 日由国家发展和改革委员会正式实施。为了支持该项目的建设，你公司应按照国家有关规定，申请清洁发展机制的支持，通过出售和转让温室气体减排的方式，尽可能增加项目的收益。

接此通知后，项目业主应尽快组织实施，争取早日投产见效。

二〇〇六年一月十九日

# The Letter about Recommending sichuan Wanyuan Baiyangxi

## Hydropower Station to Apply CDM Project

Wanfagaihan[2006]5

Wanyuan Baiyangxi Hydro-electric Power Development Co., Ltd.:

The Sichuan Wanyuan Baiyangxi Hydropower Station has received<the Notice about Checking and Examining Opinions on Engineering Technology Scheme of Sichuan Wanyuan Baiyangxi Hydropower Station in Ren Rive Main Stream of Wanyuan City Feasibility Report Study by Sichuan Development and Reform Committee>(Chuan Fagai Nengyuan [2005]No 684). The total installed capacity is 32MW, the project is located in the middle stream of the main stream of Ren River in Linhe Town, Wanyuan City, Dazhou City, Sichuan Province. The construction of this project will accelerate the economic development of Wanyuan City, and accelerate the process of escaping from poverty, realizing rural electrification, achieving affluent society and with good social benefits.

Since the investment for this project is high, the economic index is bad; your company could apply the support from Clean Development Mechanism to improve the economic profit. <The Clean Development Mechanism Project Operation Management Regulation> has been published and in valid on 12<sup>th</sup> October 2005 by Nation Development and Reform Commission. In order to support the construction of this project, your company should apply for CDM support according to the relative regulation, through selling and transferring the Greenhouse Gas emission reduction, the revenue of this project could be increased.

After receiving this letter, the project owner should start the applying work as soon as possible and acquire the revenue in earlier times.
