

**Annex 42****Registration****Scope of the review on****“Project JBS S/A - Slaughterhouse Wastewater Aerobic Treatment - Vilhena Unit” (2610)**

1. The Board agreed to undertake a review of the project activity “Project JBS S/A - Slaughterhouse Wastewater Aerobic Treatment - Vilhena Unit” (2610).
2. The Board agreed that the scope of the review relating to issues associated with validation requirements shall cover a review to assess the additionality of the project activity through an assessment of:
 - (a) The sensitivity analysis in line with EB 41 Annex 45 para. 16 and 17;
 - (b) Whether the readjustment considered in the baseline scenario ensures a volumetric loading rate of COD above 0.1 kg COD m³ per day in line with the requirements of the applicable methodology; and
 - (c) The approach to validation of the investment analysis, as no detailed description of the changes made to the investment analysis and baseline assumptions between the GSC PDD and the PDD submitted for registration, or their impact on the corresponding calculations, has been provided in the validation report.

Project 2610	EB 50, Annex 42, 16 October 2009	Decision Class: Ruling Document Type: Scope of Review Business Function: Registration
