

**PAYMENT OF A REGISTRATION FEE FOR A PROGRAMME OF ACTIVITIES (PoA)****(Extract of the report of the thirty-third meeting of the Executive Board, paragraph 60)**

The Board clarified that the registration fee for a PoA is based on the total expected annual emission reductions of the CPA(s) that will be submitted together with the request for registration of the PoA. The calculation of the amount to be paid and the procedures for payment will follow mutatis mutandis the existing rules for the payment of a registration fee (Annex 35 to EB 23 Report). For each CPA which is included subsequently, no fee is to be paid. Fees are to be paid by the coordinating/managing entity to the secretariat.
