

**CDM: form for proposed new small scale methodologies
(version 01.1)**

(To be used for proposing a new small scale methodology in accordance with article 15 and 16 of the simplified modalities for small-scale CDM project activity categories. This form is not to be used in case of large scale methodologies).

Name of person/entity submitting this form:	
Title of the proposed small scale methodology:	
Please suggest type to which the new proposed methodology (category) belongs to:	<input type="checkbox"/> Type I Renewable energy projects <input type="checkbox"/> Type II Energy efficiency improvements <input type="checkbox"/> Type III Other project activities
<u>Information for completing the form</u>	
For proposing a new small scale methodology all sections below should be completed. Approved small scale methodologies shall be used as a reference for language and structure used. If necessary, attach files or refer to sources of relevant information.	
A. Technology/measure: please specify and provide reference to the exact technology/measure the proposed small scale methodology is applicable to and describe in detail the applicability conditions of the proposed methodology.	
>>	
B. Boundary: please specify the project boundary of the proposed methodology.	
>>	
C. Baseline: please specify the baseline scenario and the way baseline emissions are calculated.	
>>	
D. Leakage: please specify if leakage emissions can occur and how they should be calculated.	
>>	
E. Project activity emissions: please specify possible project activity emissions and how they should be calculated.	
>>	

F. Monitoring: Please specify which parameters should be monitored and how they should be monitored.

>>

G. Project activity under a programme of activities: if the proposed methodology is also intended for application to a project activity under a programme of activities (CPA of PoA) guidance on consideration of leakage when applying to the CPA of PoA shall be provided.
