CONTENTS

- A. General description of <u>CDM programme activity (CPA)</u>
- B. Eligibility of CPA
- C. Estimation of <u>net anthropogenic GHG removals by sinks</u>
- D. Environmental Analysis
- E. Socio-economic impacts of the CPA
- F. Stakeholders' comments

Annexes

Annex 1: Contact information on entity/individual responsible for the CPA

Annex 2: Information regarding public funding

Annex 3: Baseline information

Annex 4: Monitoring plan

Note:

This form is for the submission of CPAs that apply a large-scale methodology using provisions of the proposed PoA.

The coordinating/managing entity shall prepare a CDM Programme Activity Design Document (CDM-CPA-DD)^{1,2} that is specific for the proposed PoA by using the provisions stated in the PoA-DD. At the time of requesting registration the PoA DD must be accompanied by a CDM-CPA-DD form that has been specified for the proposed PoA, as well as by one completed CDM-CPA-DD (using a real case). After the first CPA, every CPA that is added over time to the PoA must submit a completed CDM-CPA-DD.

¹ The latest version of the template form CDM-CPA-DD-AR is available on the UNFCCC CDM website in the reference/document section.

² At the time of requesting validation/registration, the coordinating managing entity is required to submit a completed CDM-POA-DD, the PoA specific CDM-CPA-DD, as well as one of such CDM-CPA-DD completed (using a real case).
