Re: DNA Letter of Approval – FIJI: Nadarivatu Hydropower Project

Dear Sir,

The "FIJI: Nadarivatu Hydropower Project" version 03; Date: July 28, 2006 hereafter to be referred to as “the CDM Project”, located at Nadrau Plateau in Nadarivatu District, Republic of Fiji Islands and developed by the Fiji Electricity Authority, hereafter to be referred to as "Project Proponent".

Declares that:

1. Fiji agrees that it shall comply with the relevant participation requirements as per the Article 12 under the Kyoto Protocol, Marrakesh Accords and the relevant rules, decisions, guidelines, modalities and procedures there under.
2. Fiji recognises the CDM Project to be a Clean Development Mechanism Project in accordance with the Article under the relevant rules, decisions, guidelines, modalities and procedures there under.
3. Fiji authorises the project proponent and any future owner of the CDM Project to generate CER’s, by realisation and operation of the CDM Project in accordance with the Kyoto Protocol, Marrakesh Accords and the relevant rules, decisions, guidelines, modalities and procedures there under.
4. Fiji commits itself to render such assistance as maybe necessary in the validation, registration and subsequent monitoring, verification and certification of the emission reductions generated by the CDM project and the issuance and transfer of corresponding Certified Emission Reductions.
5. Fiji accepts the 100% transfer of verified CER’s generated through the CDM project during the project crediting period 2010-2020 through the issue of FCC/CP/CRP.11 (Article 12, Part J) or through any other mechanism accepted by COP/MOP or Parties to the UNFCCC.
6. The transfer of CER’s is irrespective of any legal or other transfer of the CDM project to third parties.
7. The Government of Republic of Fiji Islands has ratified the Kyoto Protocol.
8. The subject CDM project has been entered into voluntarily.
9. The subject CDM project contributes towards the sustainable development of the Republic of Fiji Islands.
