VALIDATING LETTER

For the Letters of Approval in the name of Danish Ministry of Climate and Energy/Danish Energy Agency to be transferred to Danish Ministry of Climate, Energy and Building for its participation as a project participant in projects implemented under Article 12 of the Kyoto Protocol

Kamilla Kristensen Rai, acting as Danish Designated National Authority (DNA) to the UNFCCC Secretariat, declares that the Letters of Approval issued in the name of Danish Ministry of Climate and Energy/Danish Energy Agency, authorizing it to act as a project participant in projects implemented under the Article 12 of the Kyoto Protocol are valid for Danish Ministry of Climate, Energy and Building, 44 Amaliegade, DK-1256 Copenhagen K, Denmark for projects listed in Annex 1 below due to change of legal name from Danish Ministry of Climate and Energy/Danish Energy Agency to Danish Ministry of Climate, Energy and Building/Danish Energy Agency in accordance with the Royal resolution of October 3, 2011.

Done at Copenhagen on 09/11/2012

For the Designated National Authority for the Kingdom of Denmark

Letter of Approval
for a project under Article 12 of the Kyoto Protocol
Clean Development Mechanism

Undersigned, as a legal and authorised representative of the Designated National Authority for the Kingdom of Denmark under the Kyoto Protocol to the United Nations Framework Convention on Climate Change,

Noting that the Danish Ministry of Climate and Energy, Danish Energy Agency has confirmed that they are a project participant in the proposed Clean Development Mechanism project "Project for GHG Emission Reduction by Thermal Oxidation of HFC23 in Jiangsu Meilan Chemical CO. Ltd., Jiangsu Province, China";

Considering that the Project is expected to provide a reduction in greenhouse gas emissions by sources that are additional to any that would otherwise occur;

declares that:

1. Denmark has ratified the Kyoto Protocol to the United Nations Framework Convention on Climate Change on May 31, 2002, and participates voluntarily in the Clean Development Mechanism;

2. Denmark approves "Project for GHG Emission Reduction by Thermal Oxidation of HFC23 in Jiangsu Meilan Chemical CO. Ltd., Jiangsu Province, China" to be a Clean Development Mechanism project under Article 12 of the Kyoto Protocol and its underlying decisions;

3. Denmark approves and authorises the voluntary participation of the Danish Ministry of Climate and Energy, Danish Energy Agency in the Project;

4. The public funding from the Danish Government involved in the purchase of Certified Emission Reductions from the Project does not result in a diversion of official development assistance and is separate from and not counted towards the financial obligation of Denmark in that respect.

This letter of approval is issued in pursuance of § 21 a of Consolidated Act 348, 9th of May 2008 and Statutory Order no. 386 of the 27th of February 2008 and signed on behalf of the Danish Energy Agency in its capacity as the Danish Designated National Authority for the Clean Development Mechanism:

Letter of Approval
for project under Article 12 of the Kyoto Protocol
Clean Development Mechanism

Undersigned, as a legal and authorised representative of the Designated National Authority for the Kingdom of Denmark under the Kyoto Protocol to the United Nations Framework Convention on Climate Change,

Noting that the Danish Ministry of the Environment has confirmed that they are a project participant in the proposed Clean Development Mechanism project “Thermal Oxidation of HFC23 in Jiangsu Meilan Chemical CO. Ltd., China” (“the Project”);

Considering that the Project by implementing an incineration system to collect and decompose HFC23 generated from production of HCFC22 is expected to provide a reduction in greenhouse gas emissions by sources that is additional to any that would otherwise occur;

declares that:

1. Denmark has ratified the Kyoto Protocol to the United Nations Framework Convention on Climate Change on May 31, 2002, and participates voluntarily in the Clean Development Mechanism;

2. Denmark approves “Thermal Oxidation of HFC23 in Jiangsu Meilan Chemical CO. Ltd., China” to be a Clean Development Mechanism project under Article 12 of the Kyoto Protocol and its underlying decisions;

3. Denmark approves and authorises the voluntary participation of the Danish Ministry of the Environment in the Project;

4. Denmark as the Investor Country is involved in the purchase of Certified Emission Reductions from the Project through public funding from the Danish Government, and that the use of this funding does not result in a diversion of official development assistance and is separate from and not counted towards the financial obligation of Denmark in that respect.

This letter of approval is issued in pursuance of § 21a of Law number 410, 1 June 2005 and Statutory Order no. 386 of 27 April 2006 and signed on behalf of the Environmental Protection Agency in its capacity as the Danish Designated National Authority for the Clean Development Mechanism:
