

CDM IN AFRICA FINANCE AND SUPPORT

CLEAN DEVELOPMENT MECHANISM (CDM) TRAINING WORKSHOP
Monrovia, Liberia, 23-24 September 2013

WORLD BANK CARBON FUNDS AND INITIATIVES

Private sector led / executed energy access programs

Household level / community scale programs

- Biogas,
- Solar Home Systems,
- Micro/Mini Hydro, etc.

Priority countries

- African LDC Countries (e.g. Uganda, Rwanda, Zambia, Malawi, Tanzania, Ethiopia, DRC, Sierra Leone, Liberia)

Projects to start deliver CERs as early as 2015

- Work with country partners (DNAs, Rural Electrification Agencies, etc.) to identify projects with good potentials
- Call for proposals targeting projects with strong private sector engagement

Carbon Finance
AT THE WORLD BANK

THE WORLD BANK
Working for a World Free of Poverty

THE AFRICAN DEVELOPMENT BANK'S (AFDB) AFRICAN CARBON SUPPORT PROGRAMME (ACSP)

ACSP was a two- year programme that provided direct technical assistance to project developers and African designated national authorities on CDM processes. It also drove the development and approval of a methodology for cross-border electricity transmission projects. Going forward from the ACSP, the Bank will continue to support projects with CDM potential.

AFRICA CARBON ASSET DEVELOPMENT INITIATIVE (ACAD)

<http://www.acadfacility.org/index.php>

ACAD aims to support highly replicable demonstration projects by reducing the early-stage investment risks associated with African carbon projects (excluding afforestation and reforestation projects).

THE INTRA-ACP CLIMATE SUPPORT FACILITY (CSF)

Being part of the Global Climate Change Alliance (GCCA), the CSF provides customized short-term technical assistance to projects in African, Caribbean, and Pacific (ACP) countries in any of the GCCA's five priority areas, one of them the CDM.

AFRICAN BIOFUELS AND RENEWABLE ENERGY FUND (ABREF)

The following project types are covered by the fund:

- Biofuels
- Fuel-switching to biomass energy
- Hydro power
- Wind power
- Methane leakage
- Capture of methane from landfills
- Forestry

UNDP'S MILLENNIUM DEVELOPMENT GOALS (MDG) CARBON

http://www.undp.org/content/undp/en/home/ourwork/environmentandenergy/projects_and_initiatives/mdg-carbon/

The carbon facility of the United Nations Development Programme supports projects in countries with few or no CDM projects. It focusses on projects that strongly contribute to the MDGs in least developed countries, where it offers:

- Project development services
- Technical assistance for the approval process until CDM registration

GERMANY'S POA SUPPORT FACILITIES

POA SUPPORT CENTRE GERMANY

In order to support the development of programmes of activities (POA), the German development bank KfW offers a variety of services. These include:

- Advisory, structuring and assessment services for programme proposals
- Financing and grants to cover the preparation of programme concepts, project design documents and monitoring plans
- Support for programme implementation
- Assistance with marketing expected carbon credits

FUTURE OF THE CARBON MARKET FOUNDATION

Joint Implementation &
Clean Development Mechanism
