Measures for enhacing communciation with stakeholders

3rd CDM roundtable Bangkok, Thailand, 10 April 2011

Conor Barry UNFCCC secretariat, Sustainable Development Mechanisms Programme

Background : CMP requests

• Decision 2/CMP.5, para. 8 and Decision 3/CMP.6, para. 21:

"Requests the Executive Board to enhance its communication with project participants and stakeholders, through the establishment of modalities and procedures for direct communication between the Executive Board and project participants in relation to individual projects..."

• Decision 3/CMP.6, para. 22:

"Requests the Executive Board to develop and implement modalities and procedures with a view to enhancing direct communication with stakeholders and project proponents in relation to issues related to registration, issuance and methodologies work streams; these modalities and procedures should provide for:

(a) Direct communication <u>that can be initiated by the secretariat</u>, as needed, with project proponents, on issues related to registration, issuance and methodologies work streams;

(b) Stakeholder consultations on general issues, and the publication of the outputs thereof;

(c) Intensified use of public calls for input in relation to major regulatory decisions, including the possibility to make submissions"

• Decision 3/CMP.6, para. 59:

Requests the Executive Board to ensure that editorial errors which will not affect the assessment of compliance with validation and verification requirements do not lead to a determination that the request for registration or issuance is incomplete, while ensuring environmental integrity.

• Decision 3/CMP.6, para. 17

Requests the secretariat to further increase the transparency of its work by, inter alia, publishing on the UNFCCC CDM website information related to the current and historic status regarding the processing of case-specific matters and methodologies, including requests for clarification, deviation and revision and for changes to project design documents.

Requested the secretariat to:

- Launch a call for public input on areas and means for direct communication with the Board and the secretariat;
- Define categories of relevant stakeholders and prepare an analysis of the areas and subareas for direct communication with each stakeholder categories within the registration, issuance and methodology processes and an analysis of the need for establishment of new forums, recognizing representatives of stakeholder groups and/or exploring alternative ways for facilitating communication on policy issues;
- Develop draft modalities and procedures for direct communication with relevant stakeholders for consideration of the Board at a future meeting, taking into account the input received by the call and the analysis prepared by the secretariat.

General Objectives

- Greater efficiency in the operation of the CDM:
- support the Board in taking decisions in a more efficient and effective manner,
- well informed stakeholders are better positioned to comply with the expected quality standards
- Improved objectivity, clarity and integrity in the CDM:
- support the Board in identifying areas within the regulatory framework where revisions or additions would enhance objectivity and/or ensure environmental integrity;

Proposed scope of procedures for communication

- Policy and procedural related matters
- Case specific matters

Communication on policy issues

Communication initiated by the Board or its support structure

Objectives

- To seek stakeholders input regarding difficulties in the application of existing rules;
- To seek suggestions for areas requiring additional guidance within the regulatory framework with the aim of improving the objectivity and broadened applicability of rules and requirements;
- To ensure that actors within the CDM process understand the rules and regulations established by the Board.

Means

- Interaction with DNAs
- Interaction with AEs/DOEs
 - Board interaction with AEs/DOEs
 - CDM-AP interaction with AEs/DOEs
 - Secretariat interaction with AEs/DOEs
- Interactions including other stakeholders
 Targeted workshops and/or call for input
 System wide consultation and calibration

Communication initiated by stakeholders

Objectives

- To provide stakeholders with a forum where they can communicate to the regulator their views on rules, regulations and their implementation;
- To provide stakeholders with channels for asking clarification and enhancing their understanding of CDM rules and regulations and providing feedback.

Means

Communication initiated by AEs/DOEs

Mechanisms be established to receive and log all non-case specific submissions from AEs/DOEs

Communication initiated by DNA

Interface similar to the DOE submissions interface for DNAs to submit their requests on non-case specific matters

Communication initiated by project participants and civil society

Representations to the Board

Communication on case specific issues

Objectives

- To provide information on status of case specific submissions in order to ensure transparency of the processing;
- To allow better understanding by stakeholders of issues raised in a case specific submissions;
- To allow better understanding of stakeholders of the rational behind the Board's decisions on case submissions.

Means of communication

- Disclosure of case specific submissions status
- status of all case specific submissions will be made available in the UNFCCC website including an indication of the next step and a tentative date of its performance in case the timelines are not specified in the procedures.
- Secretariat undertake an analysis of all existing procedures and identify steps of the processes where no clear timelines are provided and make a recommendation to the Board accordingly for the revision of the relevant procedures.
- Communication with the Board and its support structures in case specific issues (cf table)
- Initiated by the Secretariat
- Initiated by the DOE/PP.

Establishment of formal communication channel with PPs

- Establish a project participant forum supported directly by the secretariat;
- Recognise existing organizations through means of placing conditions on their representations.

Expected future work

- The Executive Board will consider the analysis during the coming week at EB60
- Based on the guidance provided full procedures for direct communication will be prepared for EB61
- The principles of direct communication contained in that procedure can be incorporated into individual processes as they are revised in future
