Re.: Reply to the call for public inputs on the use of the first-of-its-kind barrier and the assessment of common practice

Dear Mr. Jyoti Nath and Mr. Menghwani,

Thank you for your letter received on 9 September 2011, which has been made available to the Chair of the Board.

On behalf of the Chair of the Board, I would like to thank you for providing inputs on the use of the first-of-its-kind barrier and the assessment of common practice.

As your inputs had been received after the call for public inputs was closed, we regret that they could not be considered in the preparation of the guidelines as adopted by the Board at its sixty-third meeting (*Guidelines on additionality of First-of-its-kind project activities and Guidelines on Common Practice*, Annex 11 and 12, respectively, to the EB63 report). Nevertheless, please be assured that your inputs have been brought to the attention of the concerned team for its consideration in a future improvement of these guidelines.

I encourage you to continue providing such valuable contributions.

Yours sincerely,
