Re.: Change of location of registered project activity

Dear Mr. Martino,

Thank you for your letter received on 3 May 2012, which has been made available to the Chair of the Board.

On behalf of the Chair of the Board, I would like to inform you that, according to Annex 64, paragraph 130 (b) of the sixty-sixth meeting of the Executive Board, there is no requirement that would strictly forbid a request for approval of changes to include a change in the location of the project activity. However, I would like to emphasize that the request for approval of changes would have to meet all the validation requirements of the CDM Validation and Verification Standard (EB 65, Annex 4) in order to be validated by the designated operational entity (DOE).

I hope this letter suitably addresses all your concerns.

Yours sincerely,

A handwritten signature in blue ink, appearing to be 'Andrew Howard', written over a blue circular stamp.

Andrew Howard
Secretary to the CDM Executive Board
