**Re.: Comment on CDM project proposal currently requesting registration (period for requesting review ends 15th August 2012)**

Dear Mr. Brandt ,

Thank you for your letter received on 24 July 2012, which has been made available to the Chair of the Board.

On behalf of the Chair of the Board, I would like to inform you that your comments on “N2O reduction project at the nitric acid plant of Global Ispat Koksna Industrija d.o.o. Lukavac (“Gikil”), Bosnia” project have been reviewed by the team in charge of the assessment of the request for registration of the project and who assessed the request in term of existing procedures. Your comments have also been shared with the team in charge of methodologies for consideration when the related methodology is to be revised.

I hope this letter suitably addresses all your concerns.

Yours sincerely,

  
Andrew Howard  
Secretary to the CDM Executive Board
