Re.: Registration date

Dear Mr. Lanseros,

Thank you for your letter received on 6 August 2012, which has been made available to the Chair of the Board.

On behalf of the Chair of the Board, I would like to inform you that the definition of effective registration date was revised to follow decision 3/CMP.6 paragraph 56 requesting the Executive Board to revise the procedures of registration to allow the effective date of registration, and therefore the possible start date of the crediting period of a clean development mechanism project activity, to be the date on which a complete request for registration was submitted by the designated operational entity (where the project activity has been registered automatically). The Executive Board does not have the authority to make further revisions to this definition.

I hope this letter suitably addresses all your concerns.

Yours sincerely,

A handwritten signature in black ink, appearing to be 'Andrew Howard', written over a large, stylized circular flourish.

Secretary to the CDM Executive Board
