São Paulo, 13-December-2013

Honorable members of the CDM Executive Board,

I would like to refer to the registered "Wind Power Programme of Activities in Brazil" (PoA 7271). Due to present (carbon, electricity...) market situation the project used to develop the specific-case CPA DD (Lajeado Grande I Wind Power Plant) as part of the PoA will very likely not be implemented in the near future. For that reason, it is very likely that a component project activity will be included under the PoA before the implementation of the real-case CPA-DD. To the best of our understanding there is no problem to include a CPA under the PoA before the implementation of the actual-case CPA-DD. Could you please confirm if there is (or there is not) any procedure due or guideline applicable for such situation?

Thank you very much for any clarification.

Yours sincerely

A. Ricardo J. Esparta

Technical Director

EQAO
