Atmosfair is the CME of the PoA 6207. We would like to change the start date of CPA 1 from 01/10/2012 to 01/06/2013 and would like to request clarification if the procedure for requesting post registration changes for crediting period for stand alone projects is also applicable for CPAs.

PoA:

CPA1:

PCP para 130(b)(ii) covers the change of the start date of a CPA. However, in the corresponding provisions of the PS (paras 217-220), CPA is not explicitly referred, but only "a registered CDM project activity" is referred to. Therefore, there appears to be a regulatory procedure gap here, or in other words, it is unclear whether the same rules (for standalone projects) shall apply to CPAs as project activities with regard to the changes to the start date of the crediting period of a CPA, and corresponding processes. We kindly request your clarification and guidance on this important matter and the processing of our CPA start date request.

Please provide any specific suggestions or further information which would address the issue raised in the previous section, including the exact reference source and version (if applicable).
