Re.: Regarding project ref No.9787

Dear Mr. Bindal,

On behalf of the Chair of the CDM Executive Board, I would like to thank you for your letter of 14 December 2013 communicating your request to defer the registration fee due at the time of project registration. Your letter has been made available to the Board.

I regret to inform you that the Board is not in a position to change a CDM requirement in order to favour one specific CDM project activity. At its seventy-fourth meeting, the Board considered the issue of share of proceeds and registration fees and agreed to continue with the current arrangements.¹

I understand from your letter that the expected average annual CERs may now be substantially lower than the value provided in the PDD submitted as part of your request for registration. Should you wish to resubmit your request for registration with an updated CER volume to reflect more accurately your situation, please contact your Designated Operational Entity (DOE).

Yours sincerely,

A handwritten signature in blue ink, appearing to be 'A. Howard'.

Andrew Howard
Secretary to the CDM Executive Board
