

CDM-EB77-A13-CLAR

Clarification

Verification of reporting of the status of registered project activity or programme of activities

Version 01.0

United Nations
Framework Convention on
Climate Change

1. Introduction

1. The Executive Board of the clean development mechanism (CDM) (hereinafter referred to as the Board) considered the requirements in paragraphs 182 and 183 of the “Clean development mechanism project cycle procedure” (PCP) (version 05.0) (CDM-EB65-A32-PROC) and the consequences of failing to comply with these requirements on verification.
2. Paragraph 182 of the PCP states that “At two (2) years subsequent to the registration of a CDM project activity or PoA, the project participants or the coordinating/managing entity shall provide ... an update of the status of its implementation of the project activity or PoA unless a DOE contracted by the project participants or the coordinating/managing entity to perform a verification has made a monitoring report for the project activity or PoA publicly available ...”.
3. Paragraph 183 states that “At 180 days subsequent to the publication of the monitoring report, the DOE shall provide ... an update of the status of its verification activity, unless it has submitted a request for issuance of CERs”.
4. The “Clean development mechanism validation and verification standard” (VVS) (version 05.0) (CDM-EB65-A04-STAN) does not contain any requirements for DOEs corresponding to paragraphs 182 and 183 of the PCP.

2. Clarification

5. The Board agreed to clarify that a failure to comply with paragraphs 182 and 183 of the PCP does not have any impact on the outcome of the verification for the CDM project activity or PoA.
6. The Board further clarified that the requirement in paragraph 182 of the PCP is applicable to all project activities and PoAs irrespective of their implementation status.

Document information

<i>Version</i>	<i>Date</i>	<i>Description</i>
01.0	21 February 2014	EB 77, Annex 13 Initial adoption. This clarification relates to version 05.0 of the “Clean development mechanism project cycle procedure” (CDM-EB65-A32-PROC), paragraphs 182 and 183.
