Re.: Project 9713: Santa Rita Hydroelectric Plant. Request for registration should be rejected.

Dear Mr. Tot,

On behalf of the Chair of the CDM Executive Board (the Board), I would like to thank you for your communication to the Board of 19 March 2014. Your letter has been made available to the Board.

The following link contains the information on requests for registration for CDM project (9713) for which review has been requested under the review procedures:
<https://cdm.unfccc.int/Projects/review.html>.

As it can be seen on the UNFCCC webpage and in accordance with the current Project Cycle Procedure (PCP) paragraphs 93, 94 and 95, the project has been placed on the agenda of the upcoming seventy-ninth Board meeting.

Therefore, as per paragraph 97 of the PCP, at the Board meeting for which the case is placed on the agenda, the Board shall, in accordance with appendix 2, decide to either:

- (a) Register the proposed CDM project activity or PoA; or
- (b) Reject the request for registration.

Please be assured that your concerns and information will be considered by the Board before taking any decision. I thank you once again for contacting the Board with your concern.

Yours sincerely,

Rajesh Sethi
Secretary to the CDM Executive Board
