Re.: Procedure for Revision of crediting period for registered projects

Dear Mr. Sah,

On behalf of the Chair of the CDM Executive Board (the Board), I would like to thank you for your letter of 26 March 2014, requesting provisions to revise the crediting period from fixed to renewable. Your letter has been made available to the Board.

I understand the difficult situation that project participants are facing due to the current market conditions but, as correctly mentioned in your letter, the provision to select either, a fixed or renewable crediting period, is contained in paragraph 49 of the Clean Development Mechanism Modalities and Procedures (CDM M&P). The current CDM M&P do not provide the project participant with the option to change the type of crediting period once they have opted for one. As such, it is not within the mandate of the Board to change this provision.

Please note that Subsidiary Body for Implementation (SBI) is currently reviewing the CDM M&P and may launch a call for submissions after its June session. You may like to take the opportunity to channel your request to the SBI.

Thank you for your understanding.

Yours sincerely,

Rajesh Sethi

Secretary to the CDM Executive Board
