Re.: AM0028 correct application of IPCC default value

Dear Mr. Stilkenbaeumer,

On behalf of the Chair of the CDM Executive Board, I would like to thank you for your letter of 3 September 2014, requesting the exact source of a default value mentioned in approved methodology AM0028 version 1.0 and explanation on how the value was derived. Your letter has been made available to the CDM Executive Board (the Board).

I would like to mention that you have also parallelly submitted a clarification request to the methodology panel (MP) on the same issue through the clarification route (AM_CLA_0263) following the procedure for development, revision and clarification of baseline and monitoring methodologies and methodological tools and has been placed on the agenda of MP 65 meeting (21 - 24 October 2014). Currently your request is being processed through aforementioned clarification route. You are kindly requested to follow the proceedings of MP 65 meeting¹ for further information.

Thank you once again for contacting the Board with your request.

Yours sincerely,

Rajesh Sethi
Secretary to the CDM Executive Board
