**Re.: Procedure for Change in DOE for Verification activities.**

Dear Mr. Sah,

On behalf of the Chair of the CDM Executive Board, I would like to thank you for your letter of 11 February 2015, regarding the withdrawal of a published monitoring report by an email from the project participants instead of through the DOE that published the monitoring report as is currently required by the rules.

The Board considered your letter, as mentioned in paragraph 65 of the meeting report<sup>1</sup> of its eighty-third meeting, and requested the secretariat to analyse the implications of possible changes to the related rules, including the possible introduction of a rule of allowing the change of DOE at the verification stage, and agreed to consider the issue at its next meeting. The Board also requested the secretariat to seek further information from the submitter in relation to the case that prompted the submission of the letter. In this regard, I kindly request you to provide further information and reasons for withdrawal of the published monitoring report by the project participant, and other relevant information including whether there are any on-going legal or other judicial or regulatory proceedings in the context of the project activity or PoA.

This information may be provided through a communication to the Board following the procedure mentioned at [https://cdm.unfccc.int/contact/contact\\_form.html](https://cdm.unfccc.int/contact/contact_form.html) by 26 April 2015. The Board will consider this additional information at its eighty-fourth meeting to be held on 25–28 May 2015, in Bonn, Germany.

Thank you once again for contacting the Board with your request.

Yours sincerely,

Rajesh Sethi  
Secretary to the CDM Executive Board
