**Re.: Clarification for transitional measures for the implementation of the Accreditation Standard Version 06.0**

Dear Mr. Giraldo,

I would like to inform you that your communications of 28 May 2015 has been considered by the CDM Executive Board (the Board), at its eighty-fifth meeting.

Due to the situation where DOEs are accredited according to technical areas, as set out in version 06.0 of the "CDM accreditation standard", and most methodologies are still classified according to the technical areas set out in version 04.0 of the standard, the Board requested the secretariat to reclassify all methodologies in accordance with version 06.0 of the "CDM accreditation standard" to be considered by the Board, at its eighty-sixth meeting. In addition, the Board agreed to classify the methodology AMS-III.D. under sectoral scope 13. Therefore, you may proceed to resubmit requests for issuance for CDM project activities 5494 and 5496. In case of any IT related issues, please contact the secretariat.

Thank you for contacting the Board with your request.

Yours sincerely,

Rajesh Sethi  
Secretary to the CDM Executive Board
