

**Draft standardized baseline (DSB) development agreement form
(Version 01.0)**

To be completed by the CDM Executive Board or secretariat and by a designated national authority (DNA) before the CDM Executive Board decides to develop a draft standardized baseline in accordance with the "Procedure: Development, revision, clarification and update of standardized baselines" (CDM-EB63-A28-PROC). If the draft standardized baseline is developed for a group of Parties, this form is to be completed by the DNA of each Party.

INFORMATION TO BE COMPLETED BY THE BOARD OR SECRETARIAT

Title of the draft standardized baseline:	Standardised baseline for cookstoves in Kenya
Name(s) of the Party or Parties to which the draft standardized baseline applies:	KENYA
Elements to be standardized by the draft standardized baseline: <i>(Select one or more than one element(s) to be standardized)</i>	<input type="checkbox"/> Additionality demonstration <input type="checkbox"/> Baseline identification <input checked="" type="checkbox"/> Baseline emission/ removal estimation <input type="checkbox"/> Land eligibility demonstration
Proposed approach for the development of the draft standardized baseline:	
<input type="checkbox"/> The "Guidelines for the establishment of sector specific standardized baselines" <input checked="" type="checkbox"/> A methodological approach contained in an approved baseline and monitoring methodology (Please specify below the exact reference (number, title and version) of the approved methodology methodology (AMS-I.E Switch from non-renewable biomass for thermal applications by the user – ver.5.0; AMS-II.G Energy efficiency measures in thermal applications for non-renewable biomass – ver. 6.0) _____) <input type="checkbox"/> A methodological approach contained in an approved methodological tool (Please specify below the exact reference (title and version) of the approved tool _____) <input type="checkbox"/> The "Guideline: Establishment of standardized baselines for afforestation and reforestation project activities under the CDM"	
Proposed data source, applicability and impacts of the draft standardized baseline:	

The proposed data sources for information on biomass consumption through cookstoves are:

- National statistics, studies and reports,;
- CDM and relevant voluntary market projects, particular in term of referenced reports and sampling surveys.
- Reports, market studies and publications from additional credible sources such as UNEP, FAO, UNDP. and Global Alliance for Clean Cookstoves.

The standardized baseline will provide default values for baseline woody biomass consumption in Kenya which can be used by project activities applying methodologies "AMS-I.E: Switch from Non-Renewable Biomass for Thermal Applications by the User" (version 5.0)1 and "AMS-II.G: Energy efficiency measures in thermal applications of non-renewable biomass" (version 6.0) in the country. This will stimulate the development of cookstove project activities by eliminating the need for individual efforts to determine baseline woody biomass consumption by project activities/PoAs and will enhance the mitigation outcomes.

Any other issues to be stated, if necessary:

The standardized baseline will be developed following the modalities of top-down approach as per the mandates of the CDM Executive Board to the UNFCCC Secretariat and in collaboration with the DNA of Kenya.

The DNA of Kenya will extend its support and cooperation to the UNFCCC Secretariat in organization, compilation and quality assessment of the data required to develop standardized baseline.

INFORMATION TO BE COMPLETED BY THE DNA

Consenting DNA:	KENYA
Name of authorized officer signing for the DNA:	PROF. GEOFFREY WAHUNGU
Date (DD/MM/YYYY) and signature for the DNA:	28 TH NOVEMBER 2014
Contact Information of the focal point(s) of the DNA: <i>(Names, email-addresses and phone contacts for procedural and technical communication on the draft standardized baseline)</i>	National Environment Management Authority, Kenya Popo Road, Off Mombasa Road P.O. BOX 67839-00200 NAIROBI, KENYA Email: dgnema@nema.go.ke Alternate: anomambia@nema.go.ke /anomambia2002@yahoo.co.uk
