

CDM-EB85-A01-INFO

**Data elements for inclusion in the database
of project information**

Version 01.0

United Nations
Framework Convention on
Climate Change

1. Introduction

- At its eighty-fifth meeting, the Executive Board of the clean development mechanism (CDM) (hereinafter referred to as the Board) considered a concept note on database of project information as contained in annex 2 to the annotated agenda of that meeting. The Board agreed that the database should include data elements as contained in the table below. The Board will consider including the data provided by project participants through a survey once the survey results are available.

2. List of data elements

Data element of CDM project/programme of activities (PoA)	Resource estimations (staff-months)
CDM status (registered, registered with monitoring report/s, issuance request, issued, end of crediting period, inactive according to para. 187 of the CDM project cycle procedure, etc.)	1.4
Emission reduction estimations from project design documents (PDDs) and issued	
Monitoring period, fee and transaction status of CERs	
Dates of key project stages (submission, registration, issuance, etc.)	
Host country, region, LDC/SIDS status, underrepresentation status	
Project activity or PoA	
Non-renewable crediting period	
Methodology, sectoral scope, scale	
Sustainable development tool, eligibility for loan scheme	
Financial information from PDDs
