For implementing iNDCs

The CTCN can support you in:

- ✓ Identifying best practices for diffusion of identified technologies
- ✓ Developing standards for technologies (?)
- ✓ Establishing institutional linkages for technology adaptation and testing
- ✓ Training of staff and workshops
- ✓ Matchmaking with private companies and investors (CTI PFAN, RDBs, GCF ?)

Potential support for iNDCs technical , Capacity building and Financial

Support on technical issues

- includes: Inventory preparation
- Baseline studies
- Evaluation of mitigation potential
- Economic & GHG emission modelling
- Workshops to exchange technical experience
- Linking mitigation to national development priorities

Support to policy processes includes:

- National consultations with stakeholders
- Strengthening institutional capacity
- Support to civil society

Caribbean Submissions

Country	Submission date
Trinidad and Tobago	06/08/2015 17:07
Dominican Republic	18/08/2015 16:11
Guyana	28/09/2015 22:53
Dominica	29/09/2015 20:31
Haiti	30/09/2015 06:03
Barbados	30/09/2015 11:28
Grenada	30/09/2015 11:28
Suriname	30/09/2015 18:47
Belize	01/10/2015 20:14

RCCs offer support in the Caribbean, on the ground

- Identification of mitigation opportunities/sectors suitable for support through the CDM and/or other mechanisms
- Estimation of BAU scenarios and impacts of the interventions
- Linkage of mitigation measures to adaptation and sustainable development benefits
- Definition of unconditional/conditional elements of INDCs and what forms of international support are available and suitable
- Overall integration in country-wide measures and strategies

October key events

- LEDES LAC Webinar on **7 October** on : INDCs Next steps towards Paris and Beyond
0900 AM Belize, 1100 AM DR, Grenada
- LEDES LAC Event Punta Cana, DR 12-13 October - Market of ideas
- Launch of a web based platform for the Caribbean countries towards implementation of iNDCS

Thank you for your attention
