**Project/PoA Title**                      Biomass based Renewable Energy Project

**Technology Type**                      Renewable energy                      If other:

### SECTION 3: YOUR COMMUNICATION

**Title/Subject**  
*Maximum 250 characters*                      Request to withdraw: PA10078 Request for Registration

**Communication Text**  
*Include background, details, and conclusion (unlimited length)*

Dear CDM Team,

We are writing to request withdrawal of the above project. This basis for this request is;

- 1). SGS has terminated our contract with the client in accordance with our Terms and Conditions, due to a combination of non-payment fees and lack of timely response from the client.
- 2). Further, the client has not paid the UN Registration fee and as a consequence the methodology has also expired.
- 3). SGS will not enter a new contract with this client to re-work the project under the new methodology as we are not entering into any new agreements for CDM services.

<sup>1</sup> In accordance with the "Procedure: Direct communication with stakeholders" (version 02.0), stakeholders may address communications either (a) to the secretariat, in order to seek a fast-track technical or operational explanation regarding the implementation of existing CDM rules, or (b) to the CDM Executive Board, in order to communicate to the Board their views on CDM rules and their implementation, or to seek official clarifications of CDM rules.

	The client was given a number of opportunities to avoid termination but we now consider our obligations complete and will not undertake any further work associated with this project or this client.
<b>Supplemental Documents</b> <i>If applicable, list the title(s) of any attached file(s) or link(s)</i>	
<b>This communication may be made public</b>	Yes

-----
