ET DU DÉVELOPPEMENT DURABLE

Dakar, le 18 MARS 2015

DIRECTION DE L'ENVIRONNEMENT
ET DES ÉTABLISSEMENTS CLASSES

LA DIRECTRICE

Object: Endorsement of a grid emission factor for West African power pool

This is to confirm that, the Designated National Authority of Senegal, endorses the submission by DNA of Togo to the United Nations Framework Convention on Climate Change (UNFCCC) secretariat of the application for adoption of a common Grid Emission Factor (GEF) for the grid interconnected countries within the West African Power Pool (WAPP).

This endorsement is without prejudice of the use of a National Grid Emission Factor by project participants for projects in the Senegalese national boundary.

Our endorsement specifically concerns the grid emission factor calculated by Ecosur Afrique and Climate Focus and assessed by UNFCCC secretariat.

Yours Sincerely,

Mariline DIARA

To Mrs Christiana FIGUERES,

Secretariat of United Nations Framework

On Climate Change Convention

Bonn/Germany

Through The Designated National Authority of Togo
