Dear Mr. Auguste,

With reference to the provision of energy information for an UNDP project, and the subsequent request of an official correction for the data as presented in our corporate annual reports, we acknowledge that the data presented in the 2014 Annual report contained some errors. The correct information taken from the December Monthly Reports from the Generation Department was provided by e-mail dated 26th August 2015 to the UNDP team. Additionally the December Monthly Report for each of the three years of the study was provided for reference.

Yours sincerely,
